

Exceptional Specialist Automotive Workshop

There may never be a better opportunity: a workshop of this calibre, run entirely under management and just waiting for the right buyer to develop it to its potential.

The business has benefited from considerable investment in specialist equipment, workshop facilities and operating systems. With the vendor's attention now focused on other business interests, the decision has been made to sell.

The workshop services a broad range of vehicles, with particular expertise in European makes and models. Its experienced team handles everything from routine servicing to complex diagnostic and repair work.

Key Features:

- Extensive range of quality workshop equipment and specialist tools
- Experienced team managing day-to-day operations
- Established systems and processes supporting efficient operations
- Minimal owner involvement, with no mechanical experience required
- Well-presented premises with room for further development
- Opportunities to expand the customer base and service
