Dear Sir

RE: Sale of Alkris Signal Solutions

Judith and I would like to express our appreciation of the part Craig Miller played in the sale of our business.

Right from the start we stressed we only wanted to see serious qualified buyers. We had three potential buyers through and one of these purchased the business which is thanks to Craig's ability to bring to us people who were pre qualified when it came to finance and their ability to take over our business. The whole process took just over three months from listing to becoming unconditional which is a great achievement with a business of our size in the current economic climate.

We were impressed from day one with the service we received from Craig. We were always kept informed of any developments and were very impressed with his professional, friendly and relaxed manner.

We would highly recommend Craig Miller of Barker Business Brokerage to anyone proposing to market their business.

Yours Faithfully
