To Whom it may concern

Having to sell my business due to other commitments I contacted a number of Business Brokers to get advice and use their services to get a quick sale for the best price possible

I met with Craig from Barker Business Brokerage as well as 2 other brokers from different companies. It was a hard decision but I trusted my instincts and listed my Subway with Craig as I found him to be well prepared and honest during our first meetings.

Craig was well aware of the importance to sell the business quickly and had a small number of potential buyers looking for a business like mine. I only wanted to see serious buyers and did not have a large budget to spend on advertising therefore it was important for me to list with someone who already had serious buyers on their books.

I was always kept up to date with any developments and within weeks there were 2 serious buyers putting in offers on my business of which I was able to choose the one that best fitted my circumstances and the business itself.

I would like to thank Craig for the effort and approach he took to selling my business. I was very impressed with his honesty, integrity and his ability to sort issue that arose along the way.

I would have no hesitation in recommending Craig and Barker Business to anyone looking to sell their business.

Kind Regards
