To whom it may concern:

Re: Testimonial for Barker Business Brokers

I thoroughly recommend Barker Business Brokers to those interested in selling or buying a business. Prior to engaging their services we had attempted to sell our business for around 10 months. Whilst we had interest we were too busy to fully concentrate on this process. Working with Brett enabled us to continue running our businesses while he found interested parties for us. Four months after we signed on with Barker Brokers we had a completed sale. We only wish we had approached them earlier, we will definitely use Barker Brokers again when selling our next businesses.
