Action Sports market – Import/Distribution Company

Established around 11 years ago the business is New Zealand's largest company of its kind Importing, wholesaling and retailing to a division of the action sports market with exclusive brands and quality products within the industry.

The business operates an excellent e-commerce website as well as having a retail/wholesale presence on Auckland's North Shore. Over the last year the Vendor has done an excellent job of increasing sales within the business from \$716K (2017) to \$997K (2018) excluding GST and there is an excellent foundation for the new owner to continue with this. The business has been managed remotely by the Vendor but would definitely benefit from a hands-on Auckland based working owner who can continue to build on the increased sales.

The company has exclusivity with the best quality brands within the industry; coupled with their excellent reputation for great quality product and fast efficient service they are New Zealand's premium supplier. A large percentage of sales within the business are made up from a fast moving consumable product and stock turn has been constant focus for improvement for the Vendor over the 2018FY.
