

Quick – Snap up this opportunity! Richmond

Barker Business Brokerage is pleased to showcase 4 independent fitness centres at various sites, located in the south of the North Island and the South Island.

Each gym is fully managed with excellent staff in place including skilled Trainers, admin and of course, management which makes this a passive opportunity for the right buyer. They are all fitted out with modern branding and are fully loaded with a great variety of cardio and resistance training machines and equipment.

Membership has grown over the years and with the public focused on healthy-eating and fitness trends, it is expected this will only continue. The clubs are part of a global fitness brand which is very well recognised and the new owner will receive strong franchise support.

While it is the preference of the vendors to sell the gyms as a fully managed group, consideration will be given to individual sales but if this were to occur, the management structure would have to be re-negotiated. Current returns to a 'hands-off' owner are in the vicinity of \$428K PA.
