

Childcare for Sale Dream Southern Auckland Centre

Childcare for Sale Dream Southern Auckland Centre

This brand new, purpose built 60 license license centre was opened in March. Changed circumstances of the Vendor however, means this fantastic centre can become yours. Built as a 75 license you will be able to expand when occupancy requires it

Located in a fast growing area of southern Auckland, close to beaches and a brand new shopping precinct with supermarket, gym and café s on the door step.

This centre is special.

Not yet in profit, but steadily adding children weekly this is a chance to own a fully managed and staffed centre. The lease is long and priced well for such a new build.

The Vendor is willing to allow an operator to use the existing brand for a period under the existing management team or change to your own brand immediately.

Priced to reflect where the centre is in its life cycle and with a large proportion of tangible assets as part of the sale, this centre should go quickly.

$600,000 as a going concern.
