Lovely West Akl Based Childcare, Great Numbers

Based in an affluent suburb of West Auckland, this lovely, unique centre features modernised surroundings including the building itself, the resources, playground area, gardens and more!

The centre is very well known in the area and is licensed for 40-50 children, boasting a solid occupancy. The expected EBIDTA of \$300k plus could very well be achieved and we believe this would be a great opportunity for a person with ECE experience to carry on the legacy of this great centre.

Asking Price: \$1.15M
