FMCG – IMPORT/DIST IN FOOD/GROCERY – EBITD \$670K

This business offers genuine potential for expansion within New Zealand and Australia. Already established within the major supermarket chains, along with private enterprises, the strong and varied worldwide brands and food products have proven their popularity with consumers and retailers alike. Purchased initially as a 'Part time hobby business', the enormous growth of the business has dictated a sale as the current owner remotely manages the business and simply does not have the time to manage the steady growth pattern and future potential of a 'always in demand' food business. Due to the unique managed structure of the business, a new owner could find the takeover transitional period seamless. – Lots of Potential, established customers – Easy to run – Small number of staff – Great margins – above industry standard – Vendor assistance available Asking price \$2,680,000 all inclusive Genuine buyers only please as strict confidentiality applies. Further information by appointment only. Please apply in the first instance to Neil Barker, quoting reference 1470 LICENSED REAA 2008
