Manufacturing Cash Surplus \$1.3 Million & Rising!

This long established manufacturing business has provided the part-time owner with an average cash surplus of \$1.3 million for the last 3 financial years. This year it is not only shaping up to achieve the same result, it is expected to exceed this amount!

The structure of the business has a wealth of knowledge and skill sets that is second to none, allowing them to offer the very best solution for their client's requirements with expertise from concept to completion; keeping the company at the forefront of the industry as a preferred supplier to their high profile client base throughout New Zealand. There are barriers to entry for this industry which makes start-up costs high and gaining clientele difficult.

Currently Auckland based and situated in spacious well located premises, this clean sought after business has excellent employees, many of them long serving, who operate the business on a day to day basis without the owners input.

Asking Price Inclusive of Stock - \$3,900,000.
