

Lovely North Auckland Kindy for Sale

A 35 License Childcare Centre ready for new Owner; maybe suited for a qualified Teacher.

This over two s centre has operated for over 20 years but closed late in 2019 with the Vendors retirement. Situated just north of Auckland in a vibrant satellite town, it is located right in the middle of the shopping/commercial area.

The centre is currently licensed but not operating. All office, toys, books, furniture etc is included as part of this sale and you can keep the same brand or establish your own, it s entirely up to you!

This would be very suitable for a qualified teacher wanting to branch out into their own business and we are told it is possible that the centre could be increased by as many as 15 more licensed spaces by utilising a second building on site.

With all centres having been closed for five weeks, now could be a good time to enter the market and attract children to smaller, more intimate centres.

Asking price \$150,000.

Price SOLD
