Panel & Paint Shop with a Significant Upside

On the market for only the first time in 42 years, this Auckland business has been financially very good for the owners. It is now time for them to retire, spend some time at the beach and enjoy the fruits of this successful business.

This panel and paint shop has been, and still is, an icon in the Rodney area for 42 years and is a front of mind business when it comes to panel and paint work. Located just off a busy main road in securely leased premises, it is a high-profile business that attracts good quality work from the wider Rodney region and beyond. The fully equipped panel and paint shops allow their qualified staff to complete their repairs to a very high standard and are fully supported by most NZ insurance companies.

This business also comes complete with a fleet of loan cars which could allow the successful purchaser to consider opening a rental car division upon the successful application for a license, still leaving a good customer courtesy car fleet available. You do not have to be a qualified panel beater or painter to own this business as a competent Foreman / Manager is already in place. The vendors would very much like to see it sold to an enthusiastic person who is capable of putting their own stamp on the business, taking it forward
