

## Importers Dream! Very Simple, 2 Step Operation

CASH SURPLUS CIRCA \$1.2 MILLION, BASED ON 2012 EBPIDT FIGURES. This Import Distribution business has stood the test of time; with its 19 year history of consistent profits AND it is still growing. Well recognised in the industry and noted as the NZ leader in their field due to the retailers trust and satisfaction with the product and the very stable and solid relationships they have with their major suppliers. After Sales Product Support is always a headache for Import businesses - not so here; these fast moving goods require extremely minimal after care - if at all. 10 day buying trips are necessary 3 times a year BUT, if you love travel and fun, flying top of the line and wining and dining, you have the freedom to work and play with this business. Extended holidays currently taken by the owners now equate to 90 days overseas a year, chiefly in the UK & Europe. However if travel is not for you, this business would be extremely acceptable as a manageable proposition as long serving staff are in place who are more than qualified to meet the criteria of the buying position. An intensive handover period inclusive of the purchaser being escorted overseas to meet the suppliers is offered. On the market for \$3.2 Million plus stock at Circa \$700,000; financially the future is looking promising with room to continue the growth of the already healthy cash surplus of circa \$1.2 million based on 2012 EBPIDT figures.
