EUNICE TAYLOR is the largest manufacturer of upmarket handmade and custom made lamp shades and lamp bases in Australasia. This iconic Auckland based wholesale and manufacturing business in the interior design & home decor market has led the way since its inception in 1925. Eunice Taylor has an extremely reputable name, producing top quality product and excellent service within the industry. The owners, now in their seventies have enjoyed their 35 years but know it's time for an enthusiastic new owner to rejuvenate and update the Company's image.

Eunice Taylor has for decades supplied distinguished retailers in New Zealand and has developed Australia as their main export market accounting for up to 20-30% of their business. The company is a wholesale only manufacturer, supplying retail and commercial trades and designers with top quality lamp shades and bases, with 70% of their sales generated from NZ made product. Eunice Taylor do large scale commercial sized lamp shades for fast food giants, Coffee franchises and large Hotels. There is excellent opportunity to expand this market as currently there are no marketing initiatives within the commercial area and work comes in from their name and reputation.
