

Leading Specialist Software Solutions Provider

Backed by a 21 year history, the solutions provided by this business have been developed and refined by industry professionals and delivered to a large client base of users. By providing such simple, affordable and easy to use programmes, this well established and reputable business has a large market sector selling to over 1,200 customers primarily in NZ and a small amount in the Australian marketplace. The opportunity to develop relationships and supply to the Australian market is exceptional! Development was undertaken primarily for the Automotive Industry to incorporate probably every facet of assistance; then for Finance Companies to assist with their Hire Purchase and Loan Management. A new cloud system – the first in New Zealand has been developed and is ready to roll, designed specifically to specialise in Sales, Marketing and Management! Although based in the lower North Island, relocation is possible as the range of superior software packages, on-going support, updates and downloads as well as customer service are provided online and over the phone. Due to long postponement of overseas travel plans, the owners have decided that NOW is the time to sell to pursue their life goals. However they are fully prepared to assist where necessary to enable a smooth transition to a new owner. On the market for \$250,000 Please register your details
