

Import, Wholesale & Distribution with \$650k T/O

Health & Beauty Lines – Add on Business OR run as is and capitalise... This business has been running since 2006 and has exclusive NZ contracts in place for the popular product lines it supplies and in negotiation with others. The contracts are all long standing and exclusive giving you time to market the products more effectively and gain the rewards. Currently run from a small office and 120 sq/m warehouse this could easily be run from anywhere in NZ as an add-on business which could and should return around \$100 – \$150k as is. However with a marketing boost and new energy the business could of course be expanded A LOT more. The product lines are 'green', organic and eco-friendly which makes it appealing to a huge range of consumers and the experienced, contracted sales staff are all in place. Current vendors have personal issues which necessitates a sale. Historically the Christmas season has seen a dramatic rise in sales figures so if you're keen get in quick...
