

Manufacturing – CNC Machining Success

2021 *Cash Surplus approx. \$540,000.

This high quality, precision CNC machining facility has ultra-fast 'state of the art' equipment and the ability to manufacture quality, complex products to industry best standards.

The business has a long history of success built on exacting standards and customer focus. Continual investment in technology by the vendor means 'the sky is the limit' and the possibilities are endless.

The business services clients across several industries. The clients are solid, stable businesses, they pay on time and place regular repeat orders. The order book is full with excellent forward orders.

The vendor could stay on in some capacity post sale, for up to two years. If you have skills and experience in manufacturing, engineering, sales or business management you could be a very good fit for this.

- Highly trained staff
- Easy management structure
