\$2mill in the Wairarapa, Chartered Accounting Biz

This well-established Wairarapa based chartered accountancy and business advisory practice is new to the market and a rare opportunity given its size. With annual fees in excess of \$2m and a strong EBIT in excess of \$600k this is an opportunity not to be missed.

Based in a well-known town not far from Wellington, this practice has experienced staff with longevity in the business who will support a smooth operation and transition for a new owner. We anticipate the practice will be of interest not only to local practitioners but also those looking to grow their businesses into the Wairarapa.

Please note: This is the sale of a going concern unless otherwise negotiated. The successful purchaser will be expected to negotiate with the landlord, take on the staff and systems all reflected in the price. If you are seeking a substantial accountancy practice with an established fee base to leverage or build on, then let's talk today.

Asking price \$2,200,000.

If you are interested and would like more information about
