

Auckland Bookkeeping and Payroll Business

With my vendors looking to retire after more than 35 years in business this Bookkeeping and Payroll Service business is the ideal add on for an accountancy practice looking to expand the services offered to clients.

Based in Auckland and operated from my vendors home this business is likely to suit an Auckland based practitioner who has the space necessary to accommodate the business and one staff member who may transfer with the business. The vendors are eager to ensure a smooth transition of ownership and will provide the assistance necessary to ensure this happens but with an average EBIT over the last two years of approximately \$100,000 this is an opportunity that rarely comes to the market.

Asking price \$240,000.
