

Auckland Accounting Fees

Retirement is approaching for my sole trader - chartered accountant client, and so offered to the market is this block of fees with gross revenue in the 2022 financial year of $347,000.

Currently employing staff with longevity in the business, transition to new ownership will be smooth as the vendor is also willing to assist for an extended period where necessary.

With a loyal client base generating an average profit over the last three years of $135,000, this is a great opportunity for any practitioner looking to add additional fees to their current operation.

Currently operating out of a small low-cost office in South Auckland, it is envisaged the lease of these premises will not necessarily be included in the sale, but individual negotiation with the landlords may be possible.

If you are interested and would like more information about this business, please get in touch and I will send you a confidentiality agreement (CA) to sign. Once the CA is returned, I will provide an Information Memorandum with more details.
