Fully Managed Podiatry Clinic, \$120K P.A. To Non-Working Owner

This podiatry clinic opportunity can justifiably be described as unique. Offering the only cold laser treatment in Auckland for fungal nail complaints, the clinic earns 70% of its revenue from this specialist, effective treatment which provides excellent cash flow.

There are two full time qualified employees providing traditional podiatry services and both are skilled in the application of the cold laser treatment. Two cold laser machines means both feet can be treated at one time.

This is an ideal acquisition for a podiatry business seeking expansion with the benefit of a unique income stream with no competitor in the cold laser treatment space for 130 kms.

An owner operator could significantly increase the return of \$120k p.a. (average profit includes Covid years) by working in the business themselves.

The facilities have ample space for expansion with three consulting rooms downstairs in this modern new development and a similar space upstairs with full kitchen and bathroom facilities.

The current owner is located overseas and manages the business remotely, which takes him around 30 mins per week.

The clinic has a high profile with excellent search and conversion metrics resulting from advanced SEO advertising.

This rare opportunity to claim an attractive foothold in the podiatry market in Auckland is well priced at \$275,000.

If you are interested and would like more information about this business, please visit the Barker Business Brokerage website, search reference number 3345 and submit the online Confidentiality Agreement. Once Michelle receives your expression of interest she will be in touch regarding further information about this opportunity.
