

Accountancy In Waikato

This well-established two partner Waikato based accountancy and business advisory practice is new to the market and a rare opportunity. With annual fees in excess of \$1.3m and a strong EBIT of more than \$500k this is an opportunity not to be missed.

Based in a well-known town, this practice has experienced staff with longevity in the business who will support a smooth operation and transition for a new owner. The current partners also understand the importance of client relationships and retaining clients, so are willing to assist in the business for an extended period to ensure continuity of clients and the smooth hand over of client relationships over time.

The location is superb, the ROI exceptional, if you are looking for a better work life balance or considering business expansion into the Waikato this one is worth taking a second look. If I have caught your attention or imagination, please give me a call now.

Asking price \$1,430,000
