

# ENGINEERING PLASTICS B2B SUPPLY

## B2B Supply – Engineering Plastics – Relocatable

EBITDA 31.03.2023 – \$308,350.

- Top quality in-demand products
- Consistent sales and profits
- Healthy profit margins
- Relocatable to almost anywhere in NZ
- More than 250 customers across NZ

The vendor is a large respected business which has taken the decision to sell off its business unit which specialises in the supply of engineering plastics.

It is envisaged that the buyer will relocate the stock to their own premises and take over the supply and customer relationships which exist.

Products comprise 14 product groups with approximately 600 SKU's. All products are either flat sheet or rod format.

Products are sourced from top-tier suppliers and manufacturers from a variety of countries around the world.

This is an Import / Warehouse / Pick and Dispatch model.  
Some cutting to size required for order fulfilment.

Price \$1,395,000 (incl stock)

Ref 3557

If you have the space and racking to store this product you can relocate to your premises and start selling the products immediately.

This opportunity will suit an existing business looking for a bolt on product range which could immediately offer a large group of new customers and a range of quality in-demand products.

It could also suit someone looking to set up a stand-alone business and become a respected and recognised supplier to clients requiring engineering plastics.

A great opportunity awaits a new owner.

Asking Price \$1,395,000 (includes Stock at approx. \$1.1m.)

To find out more, visit the Barker Business website, search #3557 & submit the online Confidentiality Agreement. Geoff will be in touch.
