

Auckland Chartered Accountancy Practice

Are you a chartered accountant in an expansion mood? Perhaps you have spent time working for someone else in a CA office and feel now is the time to step out on your own. Either way this is an opportunity to be considered.

With the end of 2023 on the horizon and accounting firms countrywide busier than ever the timing could not be better to purchase this established accounting and business advisory practice.

Based in central Auckland, this chartered accounting practice is expected to generate fees close to \$470,000 this financial year and with a vendor willing to assist with a flexible and smooth transition this is a solid investment.

The sale is that of a going concern with the successful purchaser expected to take over the lease, the staff as required and the systems, which is reflected in the price. If you are seeking your own accountancy practice with an established fee base to leverage or build on, then let's talk today.
