

Auckland Accountancy Practice for Sale

Are you a chartered accountant in an expansion mood? Perhaps you have spent time working for someone else in a CA office and feel now is the time to step out on your own. Either way this is an opportunity worth considering.

With the 2025 financial year underway and accounting firms countrywide busier than ever the timing could not be better to purchase this established accounting and business advisory practice.

Based in Auckland's Eastern Suburbs this chartered accounting practice is expected to generate approximately \$1,000,000 this financial year. With qualified and experienced staff operating out of a high-quality office, this is an opportunity not to be missed. The vendor has assured us he will assist with a flexible and smooth transition, so client retention is maximised.

The sale is that of a going concern with the successful purchaser expected to take over the lease, the staff as required and the systems, which is reflected in the price. If you are seeking your own accountancy practice with an established fee base to leverage or build on, then let's talk today.
