

Marine Manufacturing – Specialised & International

The success of this company stems from a well-qualified leadership and an innovative approach leading to the growing global entity it now is and enjoys throughout the global marine industry.

The business has a dual-division structure, with one arm focused on the development of advanced, precision-designed components and the other on custom product manufacturing. With 25 global partners relying on the company's expertise and technology, it has secured its position as a field leader.

This is an exceptional opportunity to acquire a fast-growing world-renowned manufacturing company with a global presence. Specialising in high-performance, custom-made marine products, the business is recognised for its innovative processes and cutting-edge facilities. Operating from a state-of-the-art production plant, the company serves an international client base, with a number of branded locations and partnerships across key global markets.

The company is experiencing accelerated growth, driven by increased demand and global industry changes that have
