Here's something a bit different – a well-established bookkeeping business that works exclusively with one franchise group, supporting both the franchisor and the franchisees with not only bookkeeping but also other wrap-around services. It is a business that can be run from anywhere in the country according to my vendor, even with most clients in Auckland. The franchisor is offshore, and this business supports him so would really suit a hands-on operator with capacity to grow the opportunity.

If you would like to know more please contact Greg and he will send you an NDA to sign followed by an information memorandum with more details on the practice.

Asking price $303,000.00
