

Early Childcare Centre + Land and Buildings (Manawatu Region)

This is a superb opportunity for someone aspiring to own an early childhood centre. This well-established, high-occupancy centre is being sold with the land and buildings on favourable terms. With occupancy consistently near capacity, a strong community reputation, and an excellent ERO history, the business offers a perfect entry point for a new owner.

Currently fully managed, the centre operates at around break-even due to high staffing costs—wages make up around 78% of revenue, well above industry norms. For an owner-operator prepared to take a hands-on role, there is clear scope to restore profitability through operational refinement.

The vendor is keen to see the centre's legacy continue in capable hands. To support this, they have structured the sale to make ownership more accessible. The ECE business can be acquired now, with the land and buildings to follow in the future under a delayed settlement arrangement. In the meantime, the purchaser will lease the property on favourable terms.
