

## Premium Bespoke Cabinetry Business | \$680K+ EBPITDA | Strong Pipeline & Reputation

Offered to the market for the first time since its inception nearly 30 years ago, this Auckland-based cabinetry business delivers premium, bespoke joinery solutions to a well-established mix of residential & commercial clients. With a reputation for quality craftsmanship, professionalism & reliability, it has become a trusted name in the high-end cabinetry space.

With an adjusted EBPITDA of approx \$680k, along with solid WIP & forward orders, the business offers both strong earnings & immediate revenue visibility for incoming ownership.

Operating from a well-equipped factory with modern CNC machinery & edge banding capability, the business is fully systemised & supported by an experienced team. A Project Manager retains quoting & project delivery IP & the vendors are willing to offer a generous handover, ensuring a seamless transition.

Despite its strong performance, there remains untapped upside. The brand is well regarded within the industry but under-marketed online & the current site has capacity to support further growth without relocation.
