

## **\$1M+ Profitable Cabinetry Business with Diversified Client Base – Auckland**

Consistently profitable and professionally run, this well-established cabinetry business delivers premium, custom joinery to a loyal mix of residential and commercial clients across Auckland.

With an adjusted EBPITDA of approx. \$1.1M, this business offers strong, proven returns, backed by a balanced 50/50 split of residential and commercial work, ensuring stability across market cycles.

Operating from a well-equipped factory with modern CNC machinery and edge banding capability, the business is supported by a highly skilled, long-standing team, including an Project Manager who retains quoting and project delivery IP. This ensures continuity for new ownership, with vendors available to assist through transition.

Despite its strong foundation, there remains untapped potential: the brand is established but under-marketed online, and the current site has capacity to increase output without relocation.
