## Import & Sell Technical Industrial Supplies

Average \*Cash Surplus – approx. \$500K

**Market Leader: Exclusive Distributorships: B2B: Own Brand Products**

Since 1983 this business has imported and supplied high-quality equipment and consumables for specialised industrial use. This technology is in high demand across numerous industries; the range of applications is vast.

The products play a vital role in extending the life and enhancing the performance of infrastructure and industrial components; therefore, demand does not go away.

This will best suit a new owner who will work full-time in the business and who has the ability to learn and become an expert on the products and their applications. You will not be “on the tools”, however knowing how and why your customers use the products will be vital. Full and thorough training will be provided.

Sales and profits have historically been very strong and point to a continued rewarding future.
