STRONG FORWARD ORDERS

Heavy Equipment Distribution Business with Strong Forward Orders

Demand is building and the pipeline is already in place. This national distributor of heavy equipment and transport solutions currently has forward orders on incoming machines and a noticeable surge in customer enquiries, giving a new owner immediate trading momentum.

With average turnover of \$10.8M over the past three years and strong margins supported by deposits and prepayments from customers, the business enjoys reliable cashflow and reduced working capital pressure.

Included in the sale is approximately \$3.6M of stock, allowing the business to supply equipment, parts, and service quickly to customers across New Zealand.

Operating from a well-equipped Auckland facility with workshop, storage, and container handling capability, the business is supported by an experienced team who manage sales, service, and administration.

Opportunities remain to expand marketing, grow service agreements, and further scale national reach.
