Price Reduced – Auckland Community Pharmacy Opportunity

Now \$200,000 including stock

A competitively priced opportunity now exists to acquire a long-standing community pharmacy in an affluent Auckland suburb.

With the price now reduced to \$200,000 including stock, this represents excellent value for a pharmacist seeking an established business with a loyal customer base, proven trading history and genuine upside.

Serving its local community for over 50 years and under the same pharmacist owner for 25 years, this pharmacy offers both stability and clear potential for growth.

The business dispenses around 2,400 scripts per month and has achieved revenue growth of approximately 17% over the last two years. The catchment is characterised by high household incomes, strong home-ownership, a solid base of older residents and a growing number of young families – an ideal profile for ongoing script and front-of-shop sales growth.

A new consultation room completed in 2025 provides scope to expand clinical services, while a currently minimal digital and local marketing presence represents upside for a motivated new owner.
