

A Profitable Centre That Actually Stands Out – Northland

Licensed for circa 60 children, this well-established ECE centre operates under a clear nature-based philosophy, supported by excellent ERO reports and a track record of consistent, proven profitability.

The centre has a strong and enduring presence within its community, underpinned by word-of-mouth referrals and stable occupancy. Experienced staff, well-established systems, and efficient processes ensure smooth day-to-day operations.

With FY2025 EBITDA of \$299,000, the business demonstrates reliable and repeatable earnings.

This opportunity will appeal to buyers seeking a profitable ECE business with genuine points of difference, a strong underlying philosophy, and long-term sustainability.

A secure and reasonable lease provides continuity, while the current structure offers scope for a new owner to further enhance performance over time. There is also the potential to promote from within, creating a pathway toward a fully managed model.
