

Rodney (North Auckland) Childcare Centre

This established and respected early childhood centre is located within a growing community and is well positioned to benefit from continued local demand.

Licensed for circa 45 children, the centre sits on a generous section with expansive outdoor play areas, creating an attractive environment for families seeking a smaller, community-focused ECE.

Currently operating at just over 50% occupancy, the centre is fully resourced and well positioned for growth, with staffing access available to support increased enrolments as the roll expands. Projected forecast expected at ~\$152K PA.

The business is managed, allowing a new owner to oversee the business at a governance level or become more hands-on if desired.

This opportunity will appeal to both entry-level buyers and experienced operators seeking a manageable centre with clear scope to grow enrolments and build on its established reputation.
