

Dual Centre Opportunity | Wider Wellington Region | Circa $300K EBITDA

An opportunity to acquire two well-established early childhood centres operating in close proximity within the wider Wellington region, generating a managed, projected EBITDA of circa $300,000 for YE26.

With a combined licence for approximately 60 children, the centres operate and are located within walking distance of each other. This supports a practical and efficient operating model, including flexible staffing and continuity of care as children transition through age stages.

Having served their local community for approximately 30 years, these centres represent a long-standing and trusted presence, with enrolments largely driven by word-of-mouth and consistent demand.

Key features include:

- Established centres with strong community ties
- Consistent occupancy supporting reliable revenue
- Integrated dual-site model with operational efficiencies
- Experienced team in place, including leadership depth
- Scope to review structure and enhance returns
