

Established Web Agency | Recurring Revenue | FY26 ODI \$282K

Acquire a well-established New Zealand website development & software consultancy with more than 20 years of proven trading, a highly experienced development team, and over \$128,000 in annual recurring revenue for FY26 from hosting, support agreements and domain management. With FY2026 Owner's Discretionary Income of approximately \$282,000, this business combines predictable cashflow with the upside of project-based software development.

Providing bespoke website design & development, digital consulting, software development, API integrations and process automation, the business has built long-term relationships with clients across a diverse range of industries. Many customers continue to engage the business for ongoing enhancements, support and additional development work, creating a loyal client base and consistent repeat business.

The operation is supported by documented systems, established workflows, and an experienced team of developers, reducing reliance on the owner and providing a smooth transition for new ownership. Significant growth opportunities exist through managed services, AI solutions, cybersecurity offerings, expanded marketing initiatives and
