

Automotive Repair ROCK SOLID PROFITS & PERFORMANCE

This Automotive Mechanical Repair Workshop has won a number of industry awards and is consistently profitable despite the recent rough economic climate. They have achieved this by offering superior service, backed up by their excellent range of equipment and fully trained staff. One of the keys to their success has been the high level of repeat business from their loyal customer base that not only returns time and time again, they also provide unsolicited praise on internet blogs, resulting in solid profitability and a raised business profile. The business is long established, professionally presented and offers a clean working environment. They are approved WOF providers and service every type of vehicle; recently being chosen as the preferred service agent for an importer of late European cars. Asking price \$430,000. The two owners have shared owners cash earnings of \$300K in 2014 and while they have enjoyed the lifestyle the business brings, one is retiring and the other is relocating. This is an excellent opportunity for someone wanting to be their own boss of an automotive workshop business with an excellent reputation, well thought out procedures, consistent performance and profitability; all backed up by an excellent workforce.
