

A Rare Opportunity with a Very Successful Company

This license is for the South and East Auckland Region For over 40 years Mayfair Pools have prided themselves in setting a very high standard for the design & installation of both private & commercial swimming pools throughout NZ, Australia & the Pacific Islands. Due to the retirement of the Licensee, the opportunity has opened up for a new Licensee to step in & take advantage of the many enquiries and opportunities currently on offer in this busy South and East Auckland region. Ideally a new owner would have some previous experience in swimming pool construction, or be an existing building / construction company looking to widen their capabilities. Regardless of your previous experience, you will be fully trained in all aspects of Mayfair Pool's successful design methods, operating standards & practices, construction methods & the secrets to running a very successful Mayfair Pools Region. The support does not stop there – you have full ongoing backup & advice whenever you require it. What are the benefits? • You are in business with a very successful company with over 40 year's experience. • Leaders in swimming pool design & construction who set the standards for others. • You have the autonomy of running your own business. • You should very much enjoy the financial benefits of being a Mayfair Pools Licensee. Why is this region
