

Import / Distribution – Industry Leading Brands

Looking for a FUN business? Importing, wholesaling and retailing to the action sports market with exclusive quality brands and products within the industry.

Established around 10 years ago, the business is New Zealand's largest importer and distributor of its kind. The business operates an excellent e-commerce website as well as a retail/wholesale presence on Auckland's North Shore. With an excellent reputation for great quality product and fast, efficient service, this business is New Zealand's premium supplier.

*Currently fully managed the operation would benefit from a hands-on working owner who can keep an eye on expenses to increase profitability. The business was sold to the Vendors by Barker Business a few years back and at the time showed a cash surplus of circa \$300K (before it was run under management). So when talking about potential, in this case it has been proven and under the right ownership profits should increase.

*The company has exclusivity with the best quality brands within the industry and the largest range within the New Zealand market. Well established, potentially very profitable and easy to operate a new owner could capitalise on the buoyant stock levels and reap the rewards.

A large percentage of sales within the business are made up from a fast moving consumable product and with over 90% of the asking price being made up of stock and tangible assets it puts the new owner in a very good position upon takeover. Enquire now.

Asking Price \$675,000 – which includes plant \$25K and stock \$591K.
