

Quality Manufacturer, Great Cash Flow & Profits!

With an excellent reputation for innovative design, quality & service, this long established industry leader has a constant flow of enquiries for new machine designs and orders. Customers buy on quality not price, they come to this business because they want the best long term solution to their requirements. Cheaper imports are not an option!

Some of the other very positive features of this business are a customer list which includes many of the best known food and beverage companies in New Zealand, excellent long serving staff & great cash flow! Employees are very well trained & highly capable, which fits well with the company's ethos of designing & building top quality equipment without compromise.

Boasting consistently high sales & profits across the long term, and an even spread of business across its customers, this South Auckland based business has real growth opportunities within New Zealand, and in particular within Australia. The markets they supply to are growing and have excellent long term prospects.

*Current cash surplus approximately \$450,000 PA.

The owner tells us that he works hard but also takes six weeks holiday per year. He also says he is very willing to consider long term continued involvement in some capacity, if that were to suit a new owner, as the continuation of the business is very important to him.

There are genuine barriers to entry in this field. A fully equipped & functioning factory with an abundant array of tools and equipment, awaits a new owner.

Asking Price \$1,295,000 includes all Stock, Plant & Equipment.

*Cash Surplus = EBITPDA.
