

IMPORT DISTRIBUTION

UNIQUE IMPORT / DISTRIBUTION, 17 YEAR HISTORY

Operating since 2001, this home based operation has become a reputable supplier, importing and distributing a range of quality engineering related tooling to the wholesale and retail markets right throughout the country.

The Owner spends approximately 10 hours per week on the business and sadly genuine health issues are behind his decision to sell so it is priced as such. However, the owner has identified many potential growth areas which he is happy to discuss with a new owner such as tapping into the many large markets which haven't yet been explored. On the other hand, this business would also make a great add on to an existing engineering or industrial supply business.

Asking Price: \$265,000 including Stock (of approx \$200,000).
