

Diamond in the Rough – SCAFFOLDING Business

Established in 2004 this North Shore based scaffolding business services the Auckland region. The business has been run as a sideline by the Vendor so there is huge potential for growth with the phenomenal systems that have been put in place.

There are two experienced Scaffolders (one ticketed) taking care of erecting and dismantling of equipment; whilst the Vendor runs the admin side of the business. The website domain name is excellent generating huge web traffic without paying for SEO.

As the business got busier, the owner hired a manager to streamline systems however this did affect profitability. Now that he is no longer assisting, there is a profitable, nicely streamlined, turn-key business model to capitalise on in this thriving construction market.

There are several solid repeat customers and the operation is relocatable so would be a great add-on to an existing scaffolding business which is lacking systems, equipment and internet presence or; would suit a buyer who is interested in a good entry level business in the construction industry.

Asking Price: \$ 350,000 - Including plant and equipment.
