

NZ Wide Exclusive License – Work From Home

NZ Wide Exclusive Licence – Work From Home

The demand from NZ has been such that this Australian business is now ready to offer the right person / company the exclusive ongoing Licence to operate under their name throughout New Zealand, and add further value to what they have already started.

This business was initially started with a simple goal in mind – to exclusively meet a wide demand of clients in a wide range of all industries looking to capitalise on fast-growing marketing trends.

If your background has been in the fashion, marketing, acting / films, modelling, HR consulting, cosmetic, medical or other industries, then this work from home business would make common sense for you. However, you must at least have very good business acumen.

Demand is growing and your business would be an integral cog in co-driving this growth throughout Australasia and beyond. Full training would ensure you hit the ground running and as Australia have been running the NZ side recently, you would also inherit the results of their work.

Who should buy this business?

- If you already have a flexible working hours' part time business in the previously mentioned categories, and are looking to add to your working day;
- Perfect role for a person who enjoys meeting people and is not looking to work too hard physically, but hard mentally;
- You are someone who has the time to take this business by the horns and grow it into a successful NZ-wide operation. It

will require you to 'work in the business' to start with, but you should be able to extract yourself into a 'working on the business' situation slowly as it builds.

There is no doubt this Licence will be sort after and the Vendors have asked that a 1 or 2-page synopsis about yourself should be provided prior to a deep and meaningful conversation on the business.

The Licence for NZ is not short term - you will be a long-term Partner to the Principles based in Australia who are very focused on their growth strategy plans, and you will be a key cog in that business growth overall.

The Vendors are seeking the right person rather than seeking a lot of money for this opportunity.

Hence the Asking Price is only NZ\$110,000 plus GST if any.

If you are interested and would like more information about this business, visit www.barkerbusiness.co.nz/BBS2175, register your details and submit the online Confidentiality Agreement. Once Mike receives your expression of interest he will be in touch.
